Miho, we wanted to invite you and the girls, but our school carriers were too far away, so it wasn't possible.

Alisa will now carry out...
Bloo-
...today's special event, Operation Candid Commander Kai, commonly referred to as "Operation Bloody Santa Claus"!!

Very well, member Alisa!
We will now go over the operation outline!
Aye aye, ma'am!!

Dressed as Santa Claus, you will invade the house via chimney!

*Don't aim and shoot at people
*This is a harmless toy axe
And then, firmly capture the moment the candid is a great success, on a spectacular picture. That's the plan!!
SFX: Kyaaaaaaaa
and then hand over the candid Christmas present to the target!
Barge out from the fire place,

It's almost time, Alisa!
With this, Takashi, too, will about me...
This fun party is about to reach its climax...

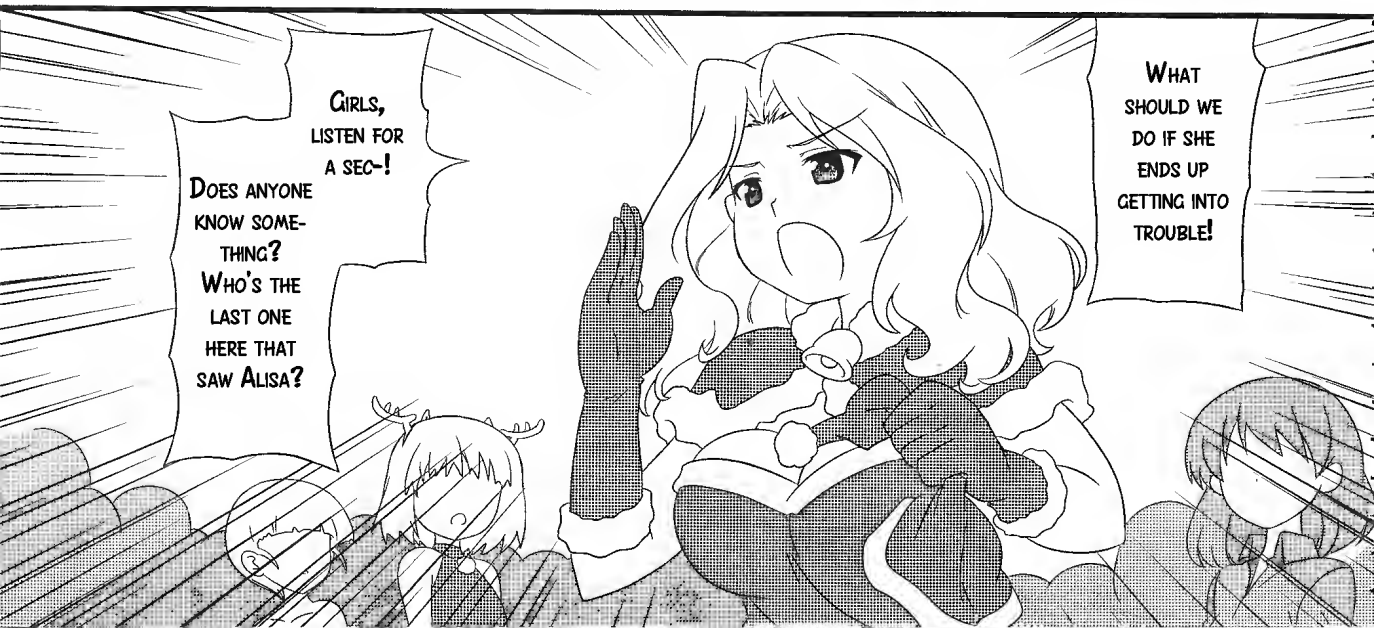
I think she'll be back before long.
So let's just keep having fun here and...
What are you saying there!



What should we do if she ends up getting into trouble!
Girls, listen for a sec-!
Does anyone know some-thing? Who's the last one here that saw Alisa?

SFX: Murmur...
Alisa isn't the kind of girl who would just quietly go home!

ATTENTION TO THE READER

In a world of compromises, some people put watermarks on their pages.

But it doesn't matter, because our translations are the fastest ones out there. Look at how cool our translator is... if you send us money you will be that cool of an operator too. And chicks will dig you.

At /ak/, we stuck some translated text on a manga page, just like a bunch of other scanlating groups have done. However ours is better, because we refuse to post it to any other sites than [redacted] http://ak-scans.wikia.com and [redacted] /a/. Because:

Our wiki is the greatest wiki ever made. It may be unorganized and have limited content, but that's your fault. If you were a real operator you would love it. once again look at our translator, that one sure is cool isn't it?

fluffy Mauser

Yeah, you know you want to send money to us.

And by the way, check out our new website. We decided that humans don't need to quickly read manga by webpages. If you were a really manly teutonic operator, you wouldn't be bother by downloads. plus we've tested the server to be able to take 100,000,000 requests at one time, and that was when the server was buried in a lake of molten lava, on the moon. If you don't believe us, it is because you aren't a real operator.

By the way, our cheap, mass-scanned manga are the best thing ever, and totally worth giving us lots of money, but not that cheap, mass-scanned, manga from other people, thats garbage. not that it matters because you're not in our threads, so you will have to wait for your translations. Because you suck, and we hate you, but we know you'll be back. We can beat you down like a trailer park wife, but you'll come back, you always do.

Give us money.

Sincerely,

/ak/ Marketing Department
